MPV01

ModLight Pivot

ModLight Pivot is the professional lighting upgrade that keeps you moving in any workspace where the job doesn’t stop after dark. Purpose-built for production crews, creators, and field professionals who rely on their gear in low-light environments, it provides dependable, hands-free illumination that keeps your work going when the visibility drops. Mounting securely to your case in seconds, it delivers uniform light on the job in three different color modes while precision articulation lets you pan, tilt, or twist to direct light anywhere in or near your case. Tough, adaptable, and built to Peli’s legendary durability standards, Pivot is ready to light your next mission.
*Patent Pending

• Compact, low-profile design
• Multi-mode color control allow you to choose between red, blue or white light with additional options for glare control and dimming
• Adjustable, pivoting light head equipped with magnetic quick-release to make it easy to remove, recharge, or use the light seperately when needed
• Compatible with most Air, Protector, and Storm case families
• Extended run time of up to 18 hours of continuous use on a single charge
• Easily, secure using pre-applied double-sided tape eliminates the need for mechanical fasteners or hardware for a tool-free in-case installation
• EZ-Click MOLLE compatibility allows you to integrate your ModLight Pivot without interfering with your existing EZ-Click MOLLE panel installation or removal
• Durable design will withstand lid slams, rough transport, and the rigors of your next mission-critical adventure
